**In-person NETZSCH Product Training at Exton, PA for 2023**

Ladies and Gentlemen,

NETZSCH Pumps USA is pleased to announce our **2023 IN-PERSON Product Training Program is back at NETZSCH**. Over the course of four days, training will include one technology per day on the following products:

- PERIPRO™ Peristaltic Pump (Monday),
- TORNADO® Rotary Lobe Pump (Tuesday),
- NOTOS® Multiple Screw Pump (Wednesday)
- NEMO® Progressing Cavity Pump (Thursday).

We are planning to provide training in these four (4) time slots in the calendar year 2023:

- Training 1 : March 20, 21, 22 and 23
- Training 2 : May 8, 9, 10 and 11
- Training 3 : September 11, 12, 13, and 14
- Training 4 : November 6, 7, 8 and 9

**NOTE:**

- Distributors carrying our PERIPRO™ line are welcome to start in our training 1 on the first day (Monday) and stay for all subsequent training (1,2,3 and 4).*
- Distributors not carrying PERIPRO™, can start on Tuesday at 8:00 am (training 2 - TORNADO®) and are welcome to then participate in training sessions 3 and 4.*

An invitation for each training session will be sent about 3 months prior to that training. All training sessions are first come first served. There will be participant limitations per class. Each of these invitations will include:

- An overview of that upcoming training event
- A PowerPoint presentation which gives more information regarding the training content
- Event details regarding this event (time frame, class size limitations, accommodations, etc.)
- A registration Form to be filled out and return to us

## Announcement

As we had done before, NETZSCH will cover meals and the transportation to/from the hotel and NETZSCH. The Distributor will cover flights, transportation to/from the airport and hotel costs.

**Detail for the first training session will be going out in mid-January. So, please consider participating and look for the next email.**

We look forward to these in-person training sessions at NETZSCH and interactions with you.

Sincerely,

*Antonio Castilhos*
